OKLAHOMA

NON-CERTIFIED TERRORISM ENDORSEMENT & SUPPLEMENT CHANGES APPROVED

Reference Bulletin 03-0366

The non-certified terrorism endorsement and manual supplement changes described in Reference Bulletin 03-0366 have been approved in Oklahoma with an effective date of **March 1, 2004**.

BACKGROUND

The November 1, 2003 amendment of section 4803 F. of 36 O. S. 2001 granted the Insurance Commissioner the authority to approve policy forms that contained terms less rigorous than the standard fire policy.

Although Reference Bulletin 03-0366 advised companies that the replacement of the applicable portions of both our certified and non-certified terrorism materials were made, in accordance with the "File-and-Use" provisions of the Terrorism Risk Insurance Act of 2002, companies were reminded to limit their **December 15, 2003** implementation to only the certified materials, until notice of the insurance department's approval of the non-certified terrorism materials was provided by AAIS. This bulletin is being issued to advise companies that insurance department approval of the non-certified terrorism materials has now been received, and that such materials may be implemented accordingly, effective **March 1, 2004**.
