NON-CERTIFIED TERRORISM FILINGS APPROVED

Reference Bulletin 03-0117

The multistate **12 02** non-certified terrorism exclusion endorsements and manual supplement pages described in Bulletin 03-0117 have now been approved in the state of Hawaii. The AAIS web site posting located at <http://www.aaisonline.com/terrorism/bulletins/02-0550.html> has been updated accordingly.

BACKGROUND

The non-certified terrorism exclusion endorsement and rule filings submitted by AAIS in early 2003 were formally approved by the Hawaii Insurance Division on July 2, 2004. As the Division did not require the effective dates that were originally requested to be advanced, companies may proceed with implementation of the endorsements and supplement and any corresponding company action that may be required, effective immediately.

COMPANY ACTION

* The Hawaii Insurance Division requested that we remind companies to adopt only those materials that apply to the AAIS programs for which they are affiliated. In addition, if companies choose to develop their own rating information to use in conjunction with the AAIS non-certified terrorism endorsements and manual rules, they must submit a filing to the Insurance Division that includes the Loss Cost Multiplier that was in effect for the program on 9/11/01; the Loss Cost Multiplier that is in effect for the program when the rating information filing is made; and an explanation of how the rating information being proposed was developed.

Endorsements (All filed programs except Commercial Umbrella)

Companies that have granted AAIS filing authority for forms, endorsements, and/or rules can adopt the non-certified terrorism materials described in Reference Bulletin 03-0117 without notifying the insurance department. Companies that choose not to adopt, or that choose to deviate from, the AAIS filed endorsements or supplement pages must notify the Insurance Department in writing.

Manual Rules (All filed programs except Commercial Umbrella)

Companies affiliated for rules may satisfy their obligation to file the supplement by referencing the AAIS approved supplement filing and by indicating their proposed effective date. Use the attached filing form entitled *Insurer Filing Adoption of AAIS Supplemental Rating Information* to reference the AAIS filing. Companies **must** make a filing within six months after the date the AAIS rules were approved. If companies modify the AAIS approved manual supplement or choose not to adopt the supplement, they must provide the Hawaii Insurance Division with supporting documentation for their decision.

Rule filings are subject to a 90 day waiting period and could also be subject to a public hearing.

Endorsements (Commercial Umbrella program)

Each company that wishes to adopt these endorsements must do so by establishing an effective date and notifying the Insurance Department in writing. The effective date that is selected cannot be prior to **April 1, 2003**.

INLAND MARINE GUIDE

This supplement is available on AAISdirect and it is also posted to the AAIS open Web site at <http://www.aaisonline.com/terrorism/IMGinfo.html>.

CONDITIONAL AND POST-TRIP TERRORISM FILING STATUS

The Conditional and Post-TRIP terrorism endorsement and manual supplement filings are still pending in the state of Hawaii. A future bulletin will be issued to announce the approval and availability of these materials, as well as the company action necessary to adopt the filings.
