

*For carriers looking to start a new or grow an existing program for farm-ag operations, or specialize in farm-ag as a whole, AAIS programs cover both Farmowners and Commercial Ag operations.*

AAIS delivers a flexible program that enables carriers to customize products to their appetite. Forms and endorsements also provide options for coverage of specialized farm-ag operations, such as agritainment, precision farming, and commercial agribusiness.

The **AAIS Agricultural General Liability Program** includes:

- An industry leading program specifically designed to provide solutions for Farm-Ag and Commercial Liability exposures.
- Base coverage forms that can be written stand-alone.
- A modular program, allowing for policies to be either monoline or packaged with Farm-Ag Property or other property solutions.
- More than 360 classifications to address granular farm-ag operations, including risks from drones and agritainment.

### Hi-Tech Delivery

- Online delivery of policy forms and manuals.
- Technology consultants, like Marias Technology, help carriers understand their needs and aligns solutions to strengthen efficiency and effectiveness in implementation.
- Product implementation of technical assets.

### Dedicated Service

- AAIS Farm-Ag advisors stand ready to respond to Member inquiries.
- Our dedicated compliance team tracks state-level jurisdictional activities from start to law, and provides speedy product updates and filings to help carriers stay compliant.
- Dedicated onboarding specialist.
- AAIS will provide preview, side-by-sides, and other onboarding services for prospects.

- Ongoing communication and knowledge sharing in bulletins, advisory and other expert exchanges.
- Tailored solutions for custom product development providing carriers compelling, unique program offerings.
- Initial filing adoption of standard AAIS products in all states where the carrier will write business.
- Relieve carriers of statistical reporting burden so they focus on their core business operations.

AAIS DELIVERS A FLEXIBLE  
AgGL PROGRAM THAT ENABLES  
CARRIERS TO CUSTOMIZE  
PRODUCTS TO THEIR APPETITE.

**Casey Davis, CPCU, AFIS, ARc**  
Farm & Agribusiness  
Product Manager  
caseyd@AAISonline.com

*As the Farm & Agribusiness Product Manager for AAIS, Casey is responsible for business strategy, market analysis, product design, and member support for a suite of insurance products. She works collaboratively across the organization and with outside partners to ensure innovative solutions to members that are designed for ease of implementation and sustainability.*

*Prior to joining AAIS in April 2022, Casey had more than 20 years of property and casualty insurance experience. She served in actuarial, product development, and leadership roles on the carrier side where her concentration was primarily on the Farmowners, Homeowners, and Auto lines of business. Casey holds the Chartered Property Casualty Underwriter, Agriculture and Farming Insurance Specialist, and Associate in Reinsurance designations. She earned her bachelor's degree in Actuarial Science from the University of Central Oklahoma.*
